**Proposed as of September 24 planning meeting**

**Can we fit in suggestions for workshops based on feedback from 2012 conference?**

\*\*PechaKucha Night was devised in Tokyo in February 2003 as an event for young designers to meet, network, and show their work in public.

It has turned into a massive celebration, with events happening in hundreds of cities around the world, inspiring creatives worldwide. Drawing its name from the Japanese term for the sound of "chit chat", it rests on a presentation format that is based on a simple idea: 20 images x 20 seconds. It's a format that makes presentations concise, and keeps things moving at a rapid pace.
